NOUR ELISLEM HADDAD

Software Engineer | Full-Stack Developer, AI & DevOps

noor.haddad810@gmail.com | (+216) 26459928 | Tunisia | Nour Haddad | Portfolio

PROFESSIONAL PROFILE

Software Engineering graduate of ESPRIT, with an overall average of 17.70/20. Specialized in full-stack development, software architecture, and artificial intelligence. With hands-on experience in software development, I aim to contribute my technical skills to innovative projects and take on new professional challenges.

PROFESSIONAL EXPERIENCE

Zitouna Takaful Insurance – Final Year Engineering Project (PFE) **February 2026 – August 2026**

- Design and development of a web application for managing litigation cases.
- Integration of an AI microservice for legal document summarization, translation (FR/AR), OCR, and hybrid recommendations (business rules, machine learning, and semantic similarity).
- Implementation of access controls using Keycloak and OpenFGA, and a CI/CD pipeline with Jenkins, Docker, and SonarQube.
- Technologies: Java, Quarkus, Angular, FastAPI, Python, PostgreSQL, Keycloak, Jenkins, Docker, SonarQube

Insomea Computer Solutions (Microsoft Partner) – Engineering Internship **June 2025 – August 2025**

- Development of an e-commerce platform featuring an intelligent chatbot and product recommendations.
- Design of modern, responsive user interfaces.
- Implementation of security using Spring Security and API integration.
- Technologies: Angular, Spring Boot, Java, Flask, Spring Security, MySQL, Git, Swagger

Insomea Computer Solutions (Microsoft Partner) – Software Development Internship **June 2024 – August 2024**

- Development of a gym management application with membership and booking management.
- Development of an Angular/Flask architecture and core functionalities.
- Technologies: Angular, Flask, MySQL, Postman

ESPRIT – ACADEMIC PROJECTS

September 2024 – April 2025

- AI-Powered Charity Platform (2025): Development of a charity platform optimized by an AI-based recommendation system to maximize the impact of donations.
  Technologies: Spring Boot, Python, MySQL, Spring Security, Git
- E-Learning Platform (2024): Development of an online learning solution for course and user management.
  Technologies: Symfony, PHP, MySQL, Git

EDUCATION

- National Engineering Degree in Computer Science – **ESPRIT (2023–2026)**

Graduated with Excellent Honors – Final Year Project Grade: 19/20

- Preparatory Cycle – Physics and Chemistry – **IPEIEM (2021–2023)**

Admitted through the national competitive entrance examination for engineering schools.

- Baccalaureate – Experimental Sciences – **Lycée du Bardo (2021)**

Graduated with Honors – Average Grade: 15.77/20

KEY SKILLS

- Languages : Java, C#, Python, C, TypeScript, JavaScript, SQL, HTML, CSS, PHP
- Frameworks and Libraries : Spring Boot, Spring Security, Angular, Quarkus, FastAPI, Symfony
- Tools : IntelliJ IDEA, VS Code, Visual Studio, Git, Maven, Postman, Swagger, Jira, Power BI, Excel
- Methodologies and Design : UML, Agile Scrum
- Databases: PostgreSQL, MySQL, H2
- CI/CD & DevOps : Docker, Jenkins, SonarQube
- IAM : Keycloak, OpenFGA
- Operating Systems and Virtualization : GNU/Linux (Ubuntu), Windows, VirtualBox

ADDITIONAL INFORMATION

- Languages: French (Fluent), English (Fluent), Arabic (Native)
- Interests: Web Technologies, Artificial Intelligence, Fitness and Sports
- Certifications: Fundamentals of Deep Learning – NVIDIA, AWS Fundamentals
